Re: **Sauget Area 2**

Dear Mr. Martin:

As you know Solutia has responded with its intent to comply letter for the Area 2 UAO. It would be helpful to us if you could send to us information on how other UAO recipients responded. We appreciate the mailing list for the extension letter that you sent this week. Could we obtain a copy of the extension letter also?

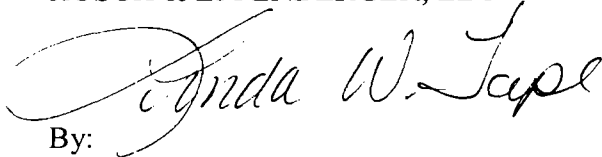

We understand that some parties submitted a Statement of Sufficient Cause Defense Letter. Could you send us copies of those letters? (Please note that we have received the Ameren letter, therefore we do not need for you to send that to us.)

Finally, we assume the Agency received some intent to comply letters besides Solutia's. Could you send us copies of those also?

If it would be best for us to ask for the above documents via a FOIA request, we will be glad to do that. Otherwise, we appreciate your assistance in forwarding the above information to us.

Very truly yours,

HUSCH & EPPENBERGER, LLC
